## Miss Griffith In New Picture; A Big V Comedy

Corinne Griffith in "Human Comedy" drew large audiences at the El Paso Thursday night. Added attractions were the Beyerstedt orchestra and a two-reel Big V comedy featuring Montgomery and Rock.

The Griffith feature is not alone unique because of the plot—in which a girl passes herself to a young man to save her father's business—but the photography is excellent and many of the scenes are unusually elaborate.

There is an automobile race, a "bad" westerner who kidnaps the girl and attempts to ruin her reputation to get her to marry him, and a lot of unique features, including a battle between two men in a lunatic cabin in a dark room at night and a race through the night by auto to the rescue of the girl. There are many thrills and Miss Griffith does some very clever acting.

The Big V comedy is one of the funniest things imaginable, and again there are featured some apparently impossible automobile and motorcycle accidents. How they can be pulled off without killing the people puzzles the spectators, but it does not fail to make them laugh and laugh heartily. These Big V comedies at the El Paso are getting to be features that the audience looks forward to with pleasurable anticipation, because they are so full of thrills and so funny.

The bill runs tonight and tomorrow night.

## To Take Census Of Religion In El Paso Feb. 3

A religious census is to be taken of El Paso, because it is believed by many that not over 50 percent of El Paso children receive any religious instruction of any kind. The object of this movement is to get a nearly 100 percent of the population as possible to attend some church and Sunday school.

This plan was first proposed by a newly organized El Paso Sunday school association, of which Dr. P. M. Tilden (Methodist) is president. Rev. S. Huggert (Methodist) is vice president and W. V. Long (Presbyterian) secretary. Any Sunday school in El Paso is eligible to participate in this association, and most of the larger ones have done so.

All Cereals Agree.  
In this canvass, to be made February 3, all denominations, creeds, colors and races are to unite. The Catholic bishop and Jewish rabbi and practically all of the larger Sunday schools have agreed to cooperate in this movement, and it is expected that absolutely every one will come in.

A general committee will be appointed to pass on the plans and to direct their execution. This committee will represent every denomination or religion taking part in the work. There will also be some appointed to represent the community at large, as, for instance, the city council.

The plans contemplate taking the census Tuesday, February 3. It is hoped to do the work in two hours.

**Teams of Various Faiths.**  
Teams of two each will be sent out in thickly settled districts. It is expected to give one block in each team. People will usually work in their neighborhoods. Jews will work with Gentiles, Catholics with Protestants, etc. That is to say, it is preferred that the two on each team shall be of different faiths.

Information for cards will be requested, and these cards will be given over to the churches preferred by the person visited. This is to say, if a Catholic church, the card will go to the Catholic church, Christian Science cards to Christian Science church, etc.

The Sunday school association will come from Dallas to assist in the management of the canvass. He will speak in various churches on Sunday morning, Jan. 25, and February 1, and during the intervening week. It has not yet been decided in what churches he will speak.

**To Be Cheap.**  
The total expense of the canvass, including \$100 expenses for this man, printing, clerical assistance, etc., is estimated at \$150. It is proposed to ask the churches to contribute to the expense. The committee will ask eight of the larger churches to underwrite \$10 each, three to underwrite \$15, and all others to underwrite \$5 each. If all the churches underwrite the amount requested it will create a guaranty fund of about \$700.

The committee is endeavoring to secure the names of 200 workers who will give two hours each to this work on the afternoon of February 3 and who will attend at least one of the meetings to receive instructions.

**TEXT BOOK COMMISSION DELAYS ACTION ON BOOKS**  
Austin, Texas, Jan. 22.—The text book commission has postponed adoption of a new system of written books until today or tomorrow. The attorney general has rendered an opinion that the publisher's contract for the series has not complied with the law. Gov. Hobby states all bids are at high figures and considers the prices excessive.

**Letters To The Herald**  
DEPENDS THE ARMY.  
Camp Chicago, El Paso, Jan. 18. Editor El Paso Herald:  
Under the heading "Death of a Boy Soldier," The Herald printed a letter from Chris L. Adair, of Oklahoma City, which contained a severe denunciation of the army.

While the members of the 15th Infantry, stationed at El Paso, deeply sympathize with Mr. Adair in his bereavement, we feel that the arraignment of the army in general and the troops stationed at El Paso in particular, is entirely uncalled for and not justified by facts.

Statistics prove that the morale of the army are distinctly above the average. It is true that some soldiers play "black and white" and gamble in other ways. So do some civilians. And most soldiers smoke and dance, but they do so as Americans, and not as "take the heart out of the young soldier and drive him to banditry" is ridiculous in the extreme.

There are all kinds of men in the army. When a man joins a company he is usually talked to by an officer or noncommissioned officer and told that it is up to him to select his comrades, and that if he is wise he will select the right kind. Some do not, however, and sooner or later they get into trouble of one kind or another.

A common saying in the army is: "The army makes no mistake a man." This is generally recognized as being true, for if a man has it in him to make good, he can do so, quicker in the army than in any other place. If not, he will find the downward path of a soldier as sure as the downward path of a civilian.

To a certain extent each man is his own keeper and is given every help and encouragement to do right. The affair in which Pvt. Richard H. Crie lost his life is deeply regretted, and on account of its close personal relation to us and because such things bring unjust criticism on the service which we know and love. Arguments do little good, however, but we can not help expressing a wish that we people who condemn the army would investigate actual conditions before giving an opinion which may be grossly distorted.

Sergeant, 15th Infantry.

**TRASHY LITERATURE.**  
Editor El Paso Herald:  
A habit that is plaguing the wild with the manhood of our boys is reading trashy magazines and books, but especially magazines.

Many boys glorify in these, and the habit not only perverts their taste for good solid articles, and virile love stories, but it weakens the will so that it cannot function when the conscience protests it. Hence we have a good deal of crime in our schools, done by boys that are naturally bright.

Why do not parents like this best for their children?

They would not give the child adulterated food, but they let him feed his mind on what will in time weaken his mental and also his moral character, for a boy or man whose will cannot respond to his conscience is a poor stick indeed. A boy (or girl) who is so flabby that he won't get his lesson, but will slide weakly into a popular magazine is to be pitied, and so is everyone who has to deal with him later on.

There are interesting delightful magazines that are not like mental dope, to put it mildly, but most of them are not found in the so-called "popular" magazines.

Why do not the English teachers warn their pupils? Perhaps they do.

Shirley H. Jones.

**WILKINSON TO GET HEARING ON CHARGE OF FORGERY**  
C. E. Wilkinson, charged with forgery and passing a forged instrument, will be given a hearing Monday afternoon before justice of the peace Clark Wright. **EL PASO AGENTS CAPTURE 20 RADICALS AT PITTSBURG**  
Twenty "reds" were rounded up in Pittsburgh, Pa., and arrested to be held for deportation by L. E. Bates and Tom White, agents of the El Paso office of the department of justice bureau of investigation.

The men arrested, according to Mr. Bates, who has returned to the city, were members of the Communist party of America and all of them Russians and subject to deportation. The men were very quiet and offered no resistance, Mr. Bates said, and were apparently badly frightened. Many of them, he said, were talking into joining up with the communists by a smooth talker, named Vlah.

Letters signed in blood were among the "evidence" captured by government agents.

## Swift & Company's 1919 Earnings

### How They Affected You

During the twelve months ended November 1, 1919, (its fiscal year), Swift & Company transacted its large volume of business on the smallest margin of profit in its history.

Sales over \$1,200,000,000.00

Net earnings \$13,870,181.34

Our shipments were in excess of 5,500,000,000 lbs.

This means that our earnings were less than 1 1/2 cents on each dollar of sales, or a quarter of a cent on each pound shipped.

### Consumer—

The average consumer eats about 1/2 lb. of meat per day—180 lbs. per year. If he purchased only Swift & Company products he would have contributed only 45 cents (180 lbs. @ 1/4 cent a pound)—a year profit to Swift & Company for its investment and service, less than one cent per week.

Our earnings were so small as to have practically no effect on the family meat bill.

### Live Stock Raiser—

Swift & Company handled in 1919 over 16,000,000 head of live stock. You can figure for yourself that our earnings of 1 1/2 cents on each dollar of sales are too small to affect the price you received for your stock.

We paid all it was humanly possible to pay considering what the meat and by-products could be sold for.
